

# les nouvelles *esthétiques* & Spa

AMERICAN EDITION

LNE & Spa—the magazine for skin care and spa professionals January 2008 \$7.50

## Grand opening

**Spa Luce** located in the **Renaissance Hollywood Hotel** in Hollywood, CA, recently announced three product lines that will be available when the new Spa Luce opens in 2008. The three lines are Sonya Dakar Skincare, the Somme Institute and Red Flower, which according to the company represent the spa's commitment to all natural beauty. 323.856.1200 or [www.renaissancehollywood.com](http://www.renaissancehollywood.com)

## Ecocentric

**White Apricot**, a company that covers socially conscious beauty and lifestyle products, created a new service for its readers called "Fabulous Finds." The website and newsletter will feature companies that focus on producing sustainable, organic and recyclable products. [www.whiteapricot.com/fab\\_finds](http://www.whiteapricot.com/fab_finds)

## Procedure gets a lift

The **Finesse Lift™**, a minimally invasive procedure performed by plastic surgeon **Frank P. Fechner, M.D.**, is a popular fast recovery facelift procedure loved by baby boomers, says Fechner. Fechner says that patients seeking results without undue recovery and risks should consider the Finesse Lift. [www.drfechner.com](http://www.drfechner.com)

## ELITE EYELASH™

### M.D. Grade LASH ADHESIVE – Jet Black

Odorless, secure, fast drying and long lasting, the newly reformulated sensitive eyes adhesive has a patent pending flexibility agent for extra long wear and durability. The adhesive is great for the lower lashes especially when used with our special extensions. For easy application, attach the extensions with your customer's eyes opened.  
★ Achieve maximum adherence by using our Strength Primer prior to the Lash Adhesive

### STRENGTH PRIMER – Lash Adhesive Enhancer World Premier!

The Strength Primer is designed to penetrate all layers of the natural lash and dehydrate the lash completely, preparing the lash for maximum adhesion. It eliminates crystallization and stabilizes the glue, creating the perfect consistency for optimum product performance. Virtually free of odor, the keratin bonding, noncorrosive formula prevents flitting and won't burn the skin. Any lash adhesive can be used with this primer.

### Magic MIRACLE MASCARA – for professionals

The long lasting professional Elite Eyelash Mascara stays on for two to three weeks. The formula expands lashes to their ultimate volume, making them up to 300% thicker and 150% longer in just a few minutes!
